

ANY CAR *at any price* which you choose to compare with the 1913 Cadillac will be honored by the comparison.

The handsome lines, the deep, soft upholstery, the yielding springs, the riding qualities of almost velvety smoothness; the quiet engine of abundant power, the flexibility and the remarkable ease of control; the standardization of parts, the durability, the simplicity and the economy of maintenance; the practically 100 per cent. efficient Cadillac Delco electrical system of automatic self-cranking and electric lighting, now in its second successful year on the Cadillac; these and almost countless other marks of distinction stamp the Cadillac as a car which leaves nothing to be desired, nothing really worth while which a greater expenditure will procure.

Demonstrations by appointment.
Literature on request.

DOES your competitor down the street use a Burroughs? Is he finding out more of the fundamental facts about his business than you are about yours?

Hurry up! A Burroughs is bought by someone somewhere every six minutes.

No business man buys an adding machine unless he knows just how it is going to be used.

A demonstration of what a Burroughs Adding Machine will do for you, in your office, on your own work, costs you nothing except the asking.

If we cannot show you, we do not expect you to place an order. In fact, the word "order" won't be mentioned by us unless you wish it.

May we have 10 minutes of your time?

NEWARK (1913) DIRECTORY

He Has Two GOOD LEGS

Both Made by Marks

Although a man may lose both his legs, he is not necessarily helpless. By using artificial legs, with Marks improved rubber feet, he can be restored to usefulness.

The engravings represent Mr. James McDonald of Mamaroneck, New York, who wears two artificial legs of Marks Patents. He is so ready on his artificials that many of his neighbors are not aware of the absence of his natural legs. He can dance, ride a bicycle and skate nearly as well as if he had natural legs.

With the old methods of complicated ankle-joints such perfection could not be obtained, but with Marks Spring Mattress Rubber Feet he is practically restored.

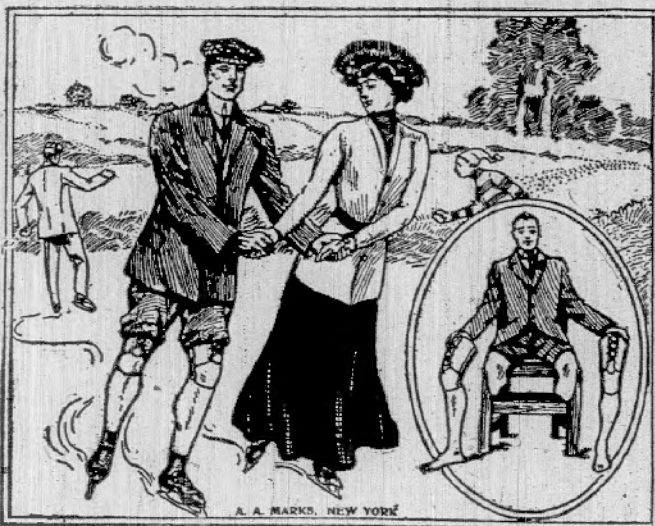

Arms restore appearance and assist greatly in the performance of labor.

Over 40,000 in use. They are endorsed and purchased by the United States and many other governments. Received 46 highest awards.

Manual of Artificial Limbs containing 416 pages sent free.

MOTOR TRUCKS BUILT FOR BUSINESS

WE FINANCE THE TRUCK BUYER

HERE'S OUR PROPOSITION;
IT IS VERY SIMPLE.

A deposit of a *certain percentage* of the cost of the truck on *delivery*, the *balance in time payments*, which will hardly exceed what you would have to pay if you rented a truck by the day. This applies to the two-ton and three-ton models.

Why We Can Sell on the Time Payment Plan

Universal Motor Trucks are good trucks. They are guaranteed.

We know that they will give satisfaction or we could not afford to let the purchaser run them for a year on a time payment basis.

Universal Trucks are manufactured in the largest factory in the country devoted exclusively to making high grade commercial vehicles.

Prices are no higher than for trucks sold for cash.

Universal Motor Truck prices are no greater than those of other standard makes of trucks, and in some cases they are less.

There is no longer any question about the economy value of motor vehicles as applied to business.

Do not let your competitors get ahead of you; here's a chance to be up-to-date, to make the truck pay for itself.

Tell us your requirements and let us make you a recommendation.

is one of the

Chief Manufacturing Cities

in the

United States

**The following pages advertise her various
products and give a good idea
of her importance in the
Industrial World**

You need this book

You *need* the 1913 Newark City Directory.

Whatever we *need* we *pay for*, whether we buy or not. He who *needs* a City Directory *pays for it* in one way or another.

To be sure, the man who doesn't subscribe to the City Directory *saves* six dollars, but how much does he *lose*? He loses time and time is the *chief* method of reckoning money and value.

You install a telephone, buy a typewriter, invest in an adding machine, because *you need them*. Why do you *need* the telephone, the typewriter and the adding machine? You *need* them because they *save time*. By *saving time* we lengthen life.

You don't *go across the street* when you want to telephone, *why* should you do so when you want to use the Directory?

The City Directory costs you less than two cents a day. Can you *afford* to be without it?

What It Contains

The information in the City Directory is divided into five sections, arranged to facilitate quick reference.

The GENERAL DIRECTORY contains the names of all male inhabitants over 20 years of age, women engaged in professional or mercantile pursuits and all active business enterprises; a total of 170,000 NAMES.

The STREET DIRECTORY gives the location of each street and shows what other streets run from or across it, with the number at which they intersect. Lists of the Public Parks, Public Halls, Theatres, etc., follow. A large, up-to-date MAP, colored according to the new ward divisions is inserted opposite the title page.

The CLASSIFIED BUSINESS DIRECTORY comprises 1,200 headings under which every firm or individual in business is properly entered and a list of the active local CORPORATIONS, amount of capital stock, officers and date of incorporation.

The MISCELLANEOUS SECTION contains a record of the City Government, the names and officers of Churches, the name, time and meeting place of Social Clubs, Societies and Building and Loan Associations, the names of Teachers in the Public Schools, information concerning the Hospitals, a Fire Alarm Telegraph list, time and closing date of mails and details of the new Parcel Post.

The EDUCATIONAL SECTION is devoted to display advertising, 1,250 firms and individuals are herein represented and tell you WHO they are, WHERE they are, and WHAT they have to sell.

CHEAPER and better than wood. More durable, will not split or crack. "Knocked down" 90 Corrugated Boxes can be stored in the

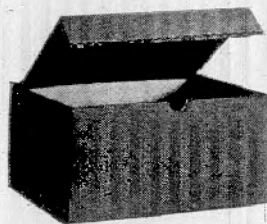

space one wooden case of the same size would occupy. Easier to pack, lighter to ship, contents arrive in perfect condition. No nailing, hammering or sawing. Dirt and damage proof. Freight and express charges decrease when you use Corrugated Board Boxes. For Parcels Post packages nothing equals it. Let us estimate on your requirements and submit you samples. == THE == is popular alike with both reader and advertiser because **EVENING NEWS** it is metropolitan in every sense, being replete with features that interest every member of the family.

== THE == is also the recognized classified advertising medium in its field. **EVENING NEWS** The rate for this line of business is one cent a word; no advertisement received for less than twenty cents except employment wanted. For this class of publicity one cent a word, minimum ten cents.

New Jersey Freie Zeitung

NEW JERSEY'S OWN

GREAT GERMAN DAILY

PUBLISHED EVERY MORNING

(ESTABLISHED 1858.)

DAILY AND SUNDAY for Fifty-Four years the "Freie Zeitung" has been an ever welcome morning visitor in the homes of the thousands of well-to-do German-Americans throughout this city and county.

As a first-class family newspaper, with a capable staff, and the Associated Press telegraph and cable service, it has a powerful influence, its editorials and news matter being widely quoted and copied by other newspapers.

As an advertising medium, the high quality of its circulation, and the fact of its having an exclusive field, produces excellent results for stores, real estate agents, banks, and every good, honest proposition, as its perpetually well filled advertising columns plainly testify.

Newark is a German-American city, and any advertiser who attempts to cover it without using the German-American newspaper deliberately cuts himself off from the business of a very large proportion of the population.
